

“Introduction”

INTRODUCTION TO PROJECT

INTRODUCTION:-

Generally Computers are used in areas where human are deficient. We are deficient in things like fast view or visit many pages about new collection of Gandharv water park, searching for specific information communicating at higher speed & so on.

Currently, our client is visiting all pages manually. They are maintaining all pages and keeping all information about pages.

The “Gandharv Water Park” owner wants a general software package to be made that helps far easy and efficient processing of . After careful study of the manual website we came to know that processing some things is very tedious and time consuming task. Client study wants to speed of processing pages. They want to find pages of their product , product details without wasting their precious time some pages such as product details, their rates, their product images and other information are required, which takes lot of time since it is prepared manually.

Therefore need for computerisation is must, which provide efficiently and effective solution for the present manual system . This project is the solution for the difficulties that are faced by them with manual website. We have put ASP.NET to work for wide range of applications that comes day after day. We have designed this project using the ASP.NET as front-end and ORACLE as back-end.

Our project gives facility for high accuracy as processing page and visiting pages. Fast visiting of pages is much easier.

INTRODUCTION TO EXISTING SYSTEM

I] **MANUAL SYSTEM:-**

In manual system for maintaining customer details they must have to take more efforts. After every transaction they need to maintain records of every transaction which is consuming.

III] **NEED OF COMPUTERIZED SYSTEM:-**

Reduce processing time as compare to manual system. As compare to manual system reduces time required for maintaining records of every transaction occurred in system.

The two main benefit's provided by the computerize system that are as follow:

1. To Reduce work load.
2. To Reduce Paper Work

INTRODUCTION TO ORGANISATION PROFILE :-

Name :-

GANDHARV WATER PARK KOLHAPUR.

Address :-

Pune-Bangalore Highway, Beside Chinmay Ashram
District Kolhapur Toap, Sambhapur,
Maharashtra.

Purpose :-

For providing trusted services to customers.

Service :-

Provides various service details of Gandharv water park.

Future Aim :-

We will increase the extra antique designs by providing them As a trusted facilities.

SOFTWARE REQUIREMENT SPECIFICATION

FEASIBILITY STUDY:-

1.Technical Feasibility:-

- Software requirement (Recommended)

Operating System :- Windows 10

Programming Language :- C# .NET

Report :- Crystal Report

- Hardware requirement(Recommended)

Processor :- P4 or Higher

Monitor :- 1024*768 pixel

Hard Disk :- 500 MB

RAM :- 2 GB

Printer :- Cannon Ink jet.

2. Operating Feasibility:-

Operating feasibility ends at checking if the system will be help the user to work in more efficient & accurate manner through all routine operation. The system is made to be comprehensive in nature, using a full menu driven system & appropriate user informative message. On the contrary, the workload on the user will be lessened to the great extent, as a system is aimed at taking care of the complex procedure & automatic calculation. Thus the system is operational feasibility.

3. Economical Feasibility:-

While considering economic feasibility, it is checked in point like performance, information & outputs for the system. Economic of the system look at the financial aspect of the project. It determines whether the system is economical feasible, in other words it determines whether the investment that goes into the implementation of the system is recoverable.

PROPOSED SYSTEM

Objectives of Proposed System :-

1. To provide good services.
2. To save time.
3. To give fast and accurate Result.
4. To increase efficiency and good will.
5. To secure private data.
6. Easy for decision making.

QUESTIONNAIRES:-

Q1. Who is the owner of this business?

- Mr. Nitin sharma.

Q2. When you start your business?

- In 2015.

Q3. Which type of facilities provided in your water park?

- Free food provide, full amusement,cultural program, etc.

Q4. How many employee's works for your park?

- 30 employee works in the water park.

Q5. Which is the special facility type in your park?

- Amusement park ,food court, cultural park, clean water park, etc.

Q6. You are add the Services-Tax(GST) in the Bill's ?

- Yes, We are Add GST in the Bill's.

➤ **REQUIREMENT:-**

- Software requirement (Recommended)

Operating System :- Windows 10

Programming Language :- C# .NET

Report :- Crystal Report

- Hardware requirement(Recommended)

Processor :- P4 or Higher

Monitor :- 1024*768 pixel

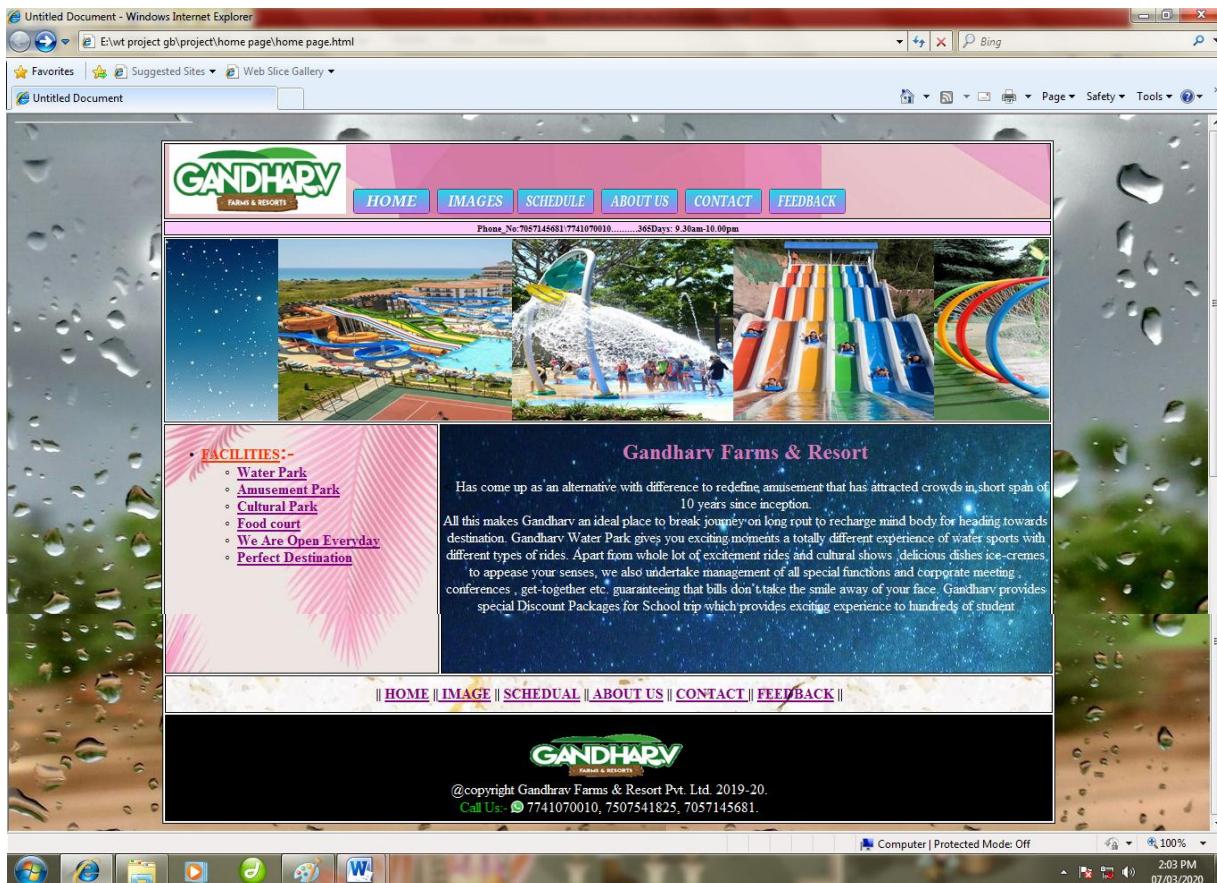

Hard Disk :- 500 MB

RAM :- 2 GB

Printer :- Cannon Ink jet.

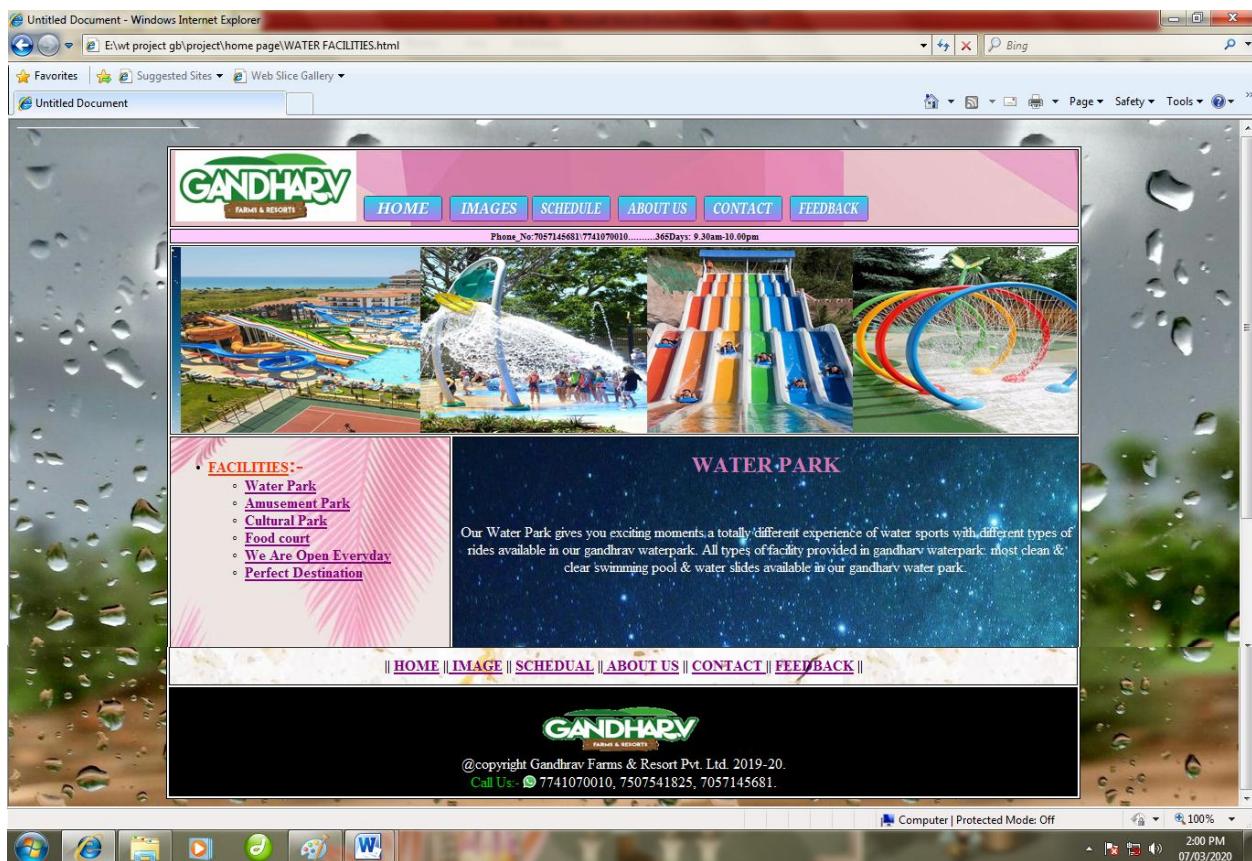

USER INTERFACE DESIGN:-

HOME PAGE:-

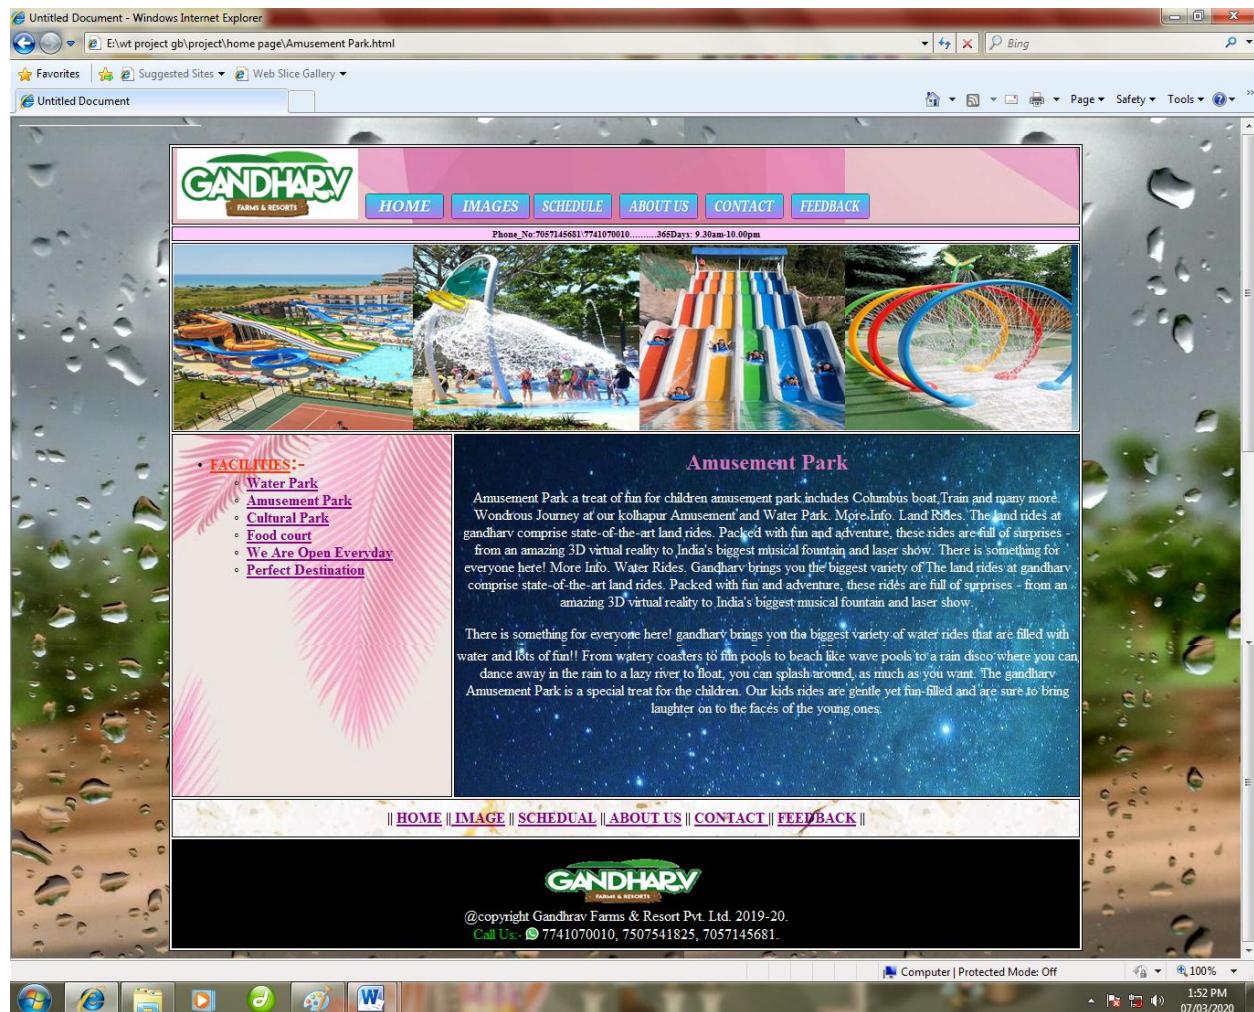

A.FACILITIES:-

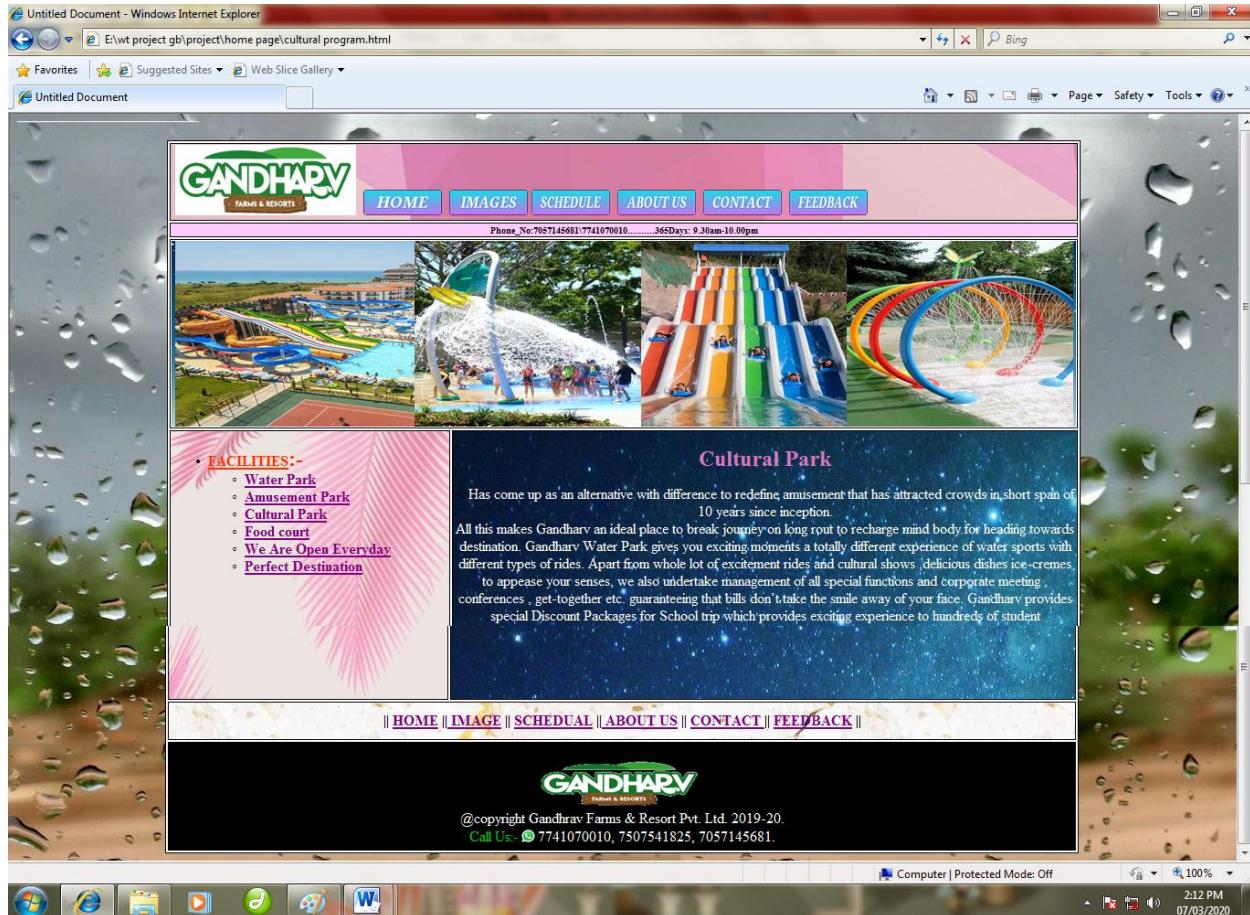

1.WATER PARK:-

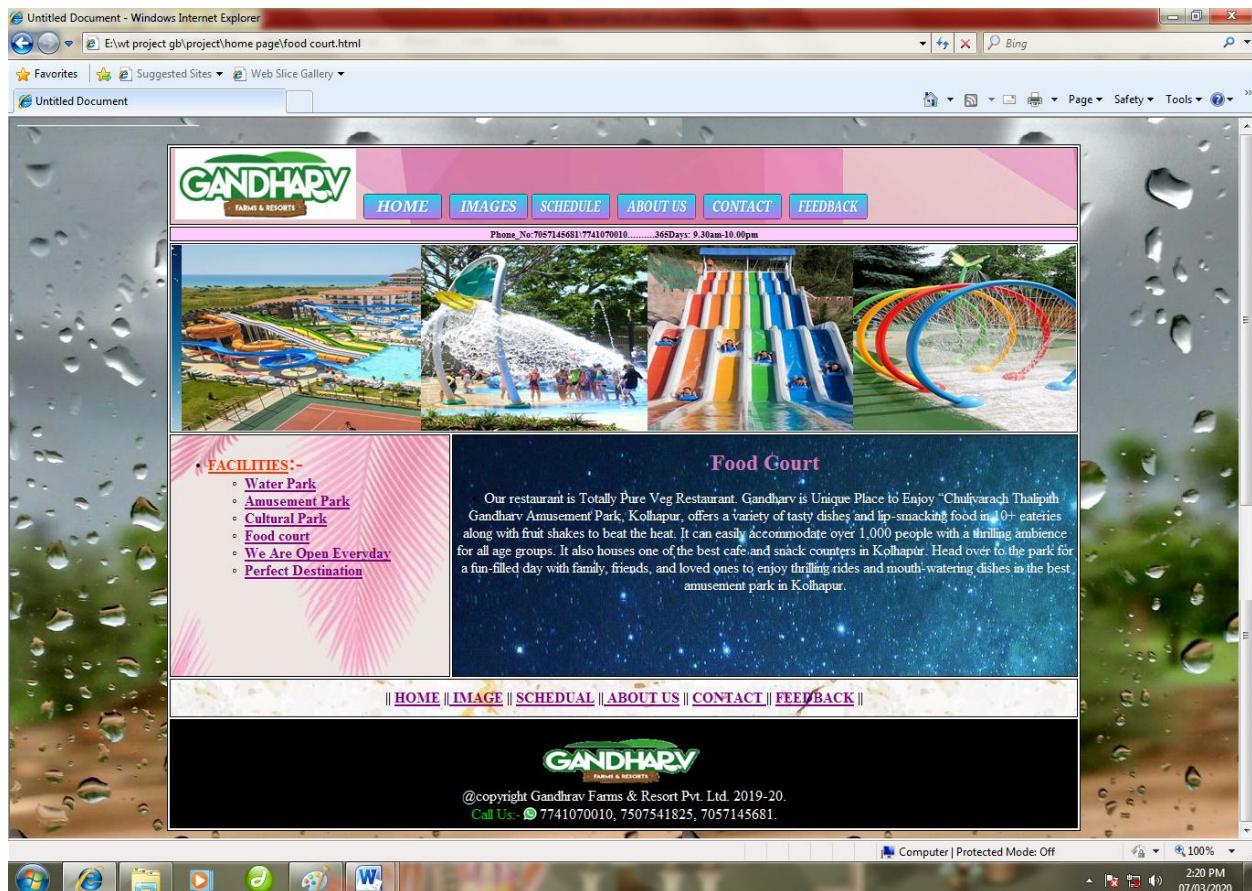

2. AMUSEMENT PARK:-

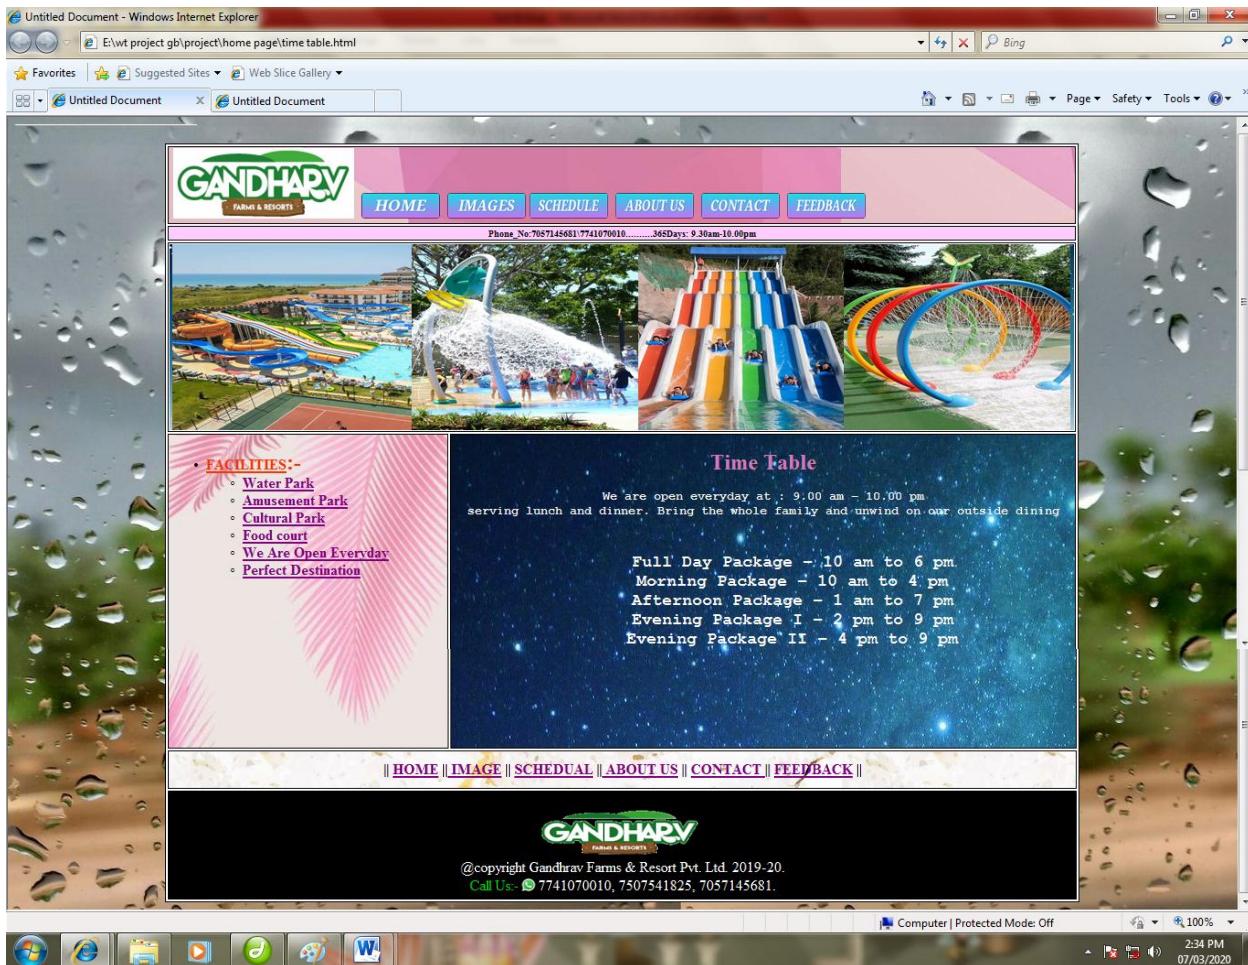

3.CULTURAL PARK:-

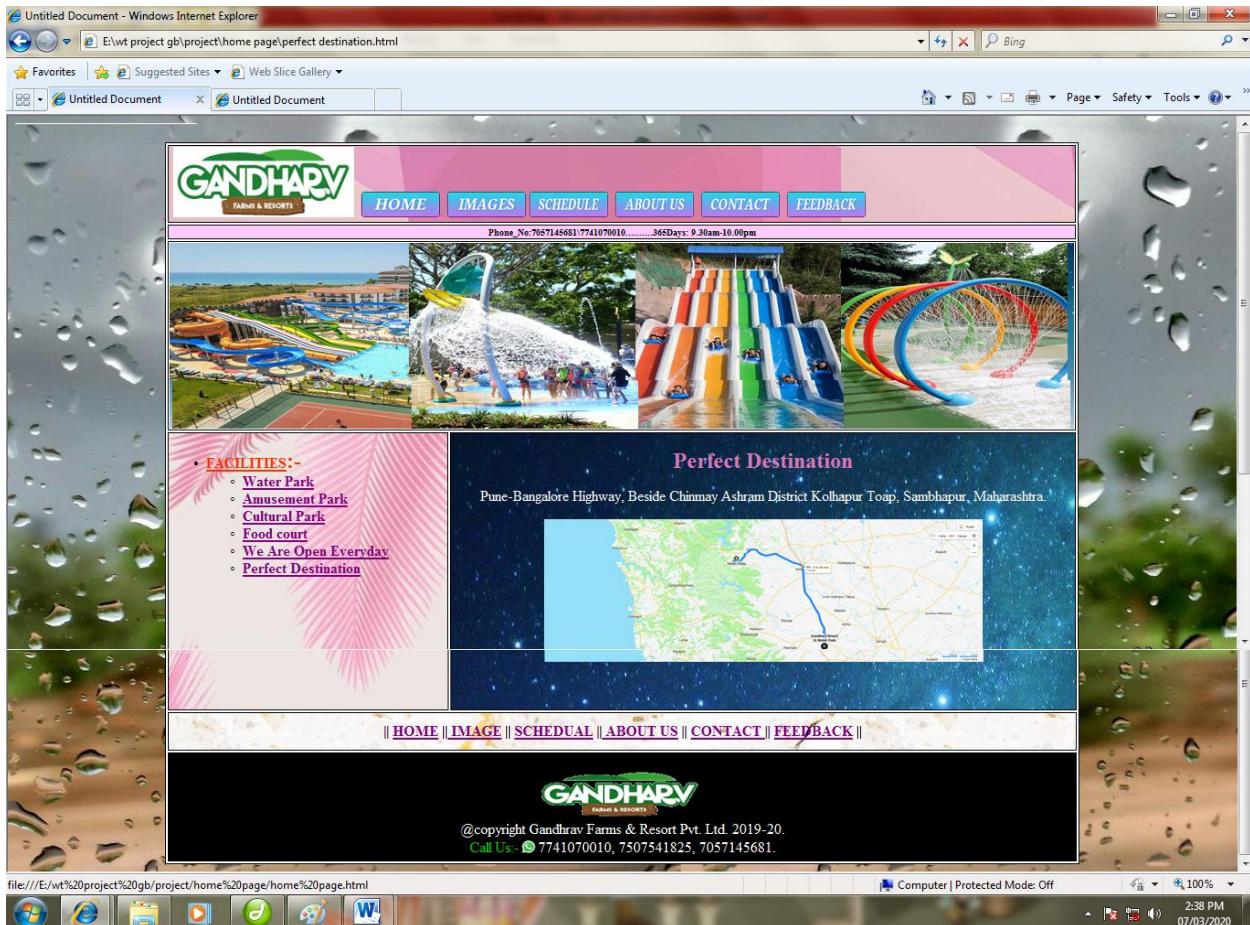

4.FOOD COURT:-

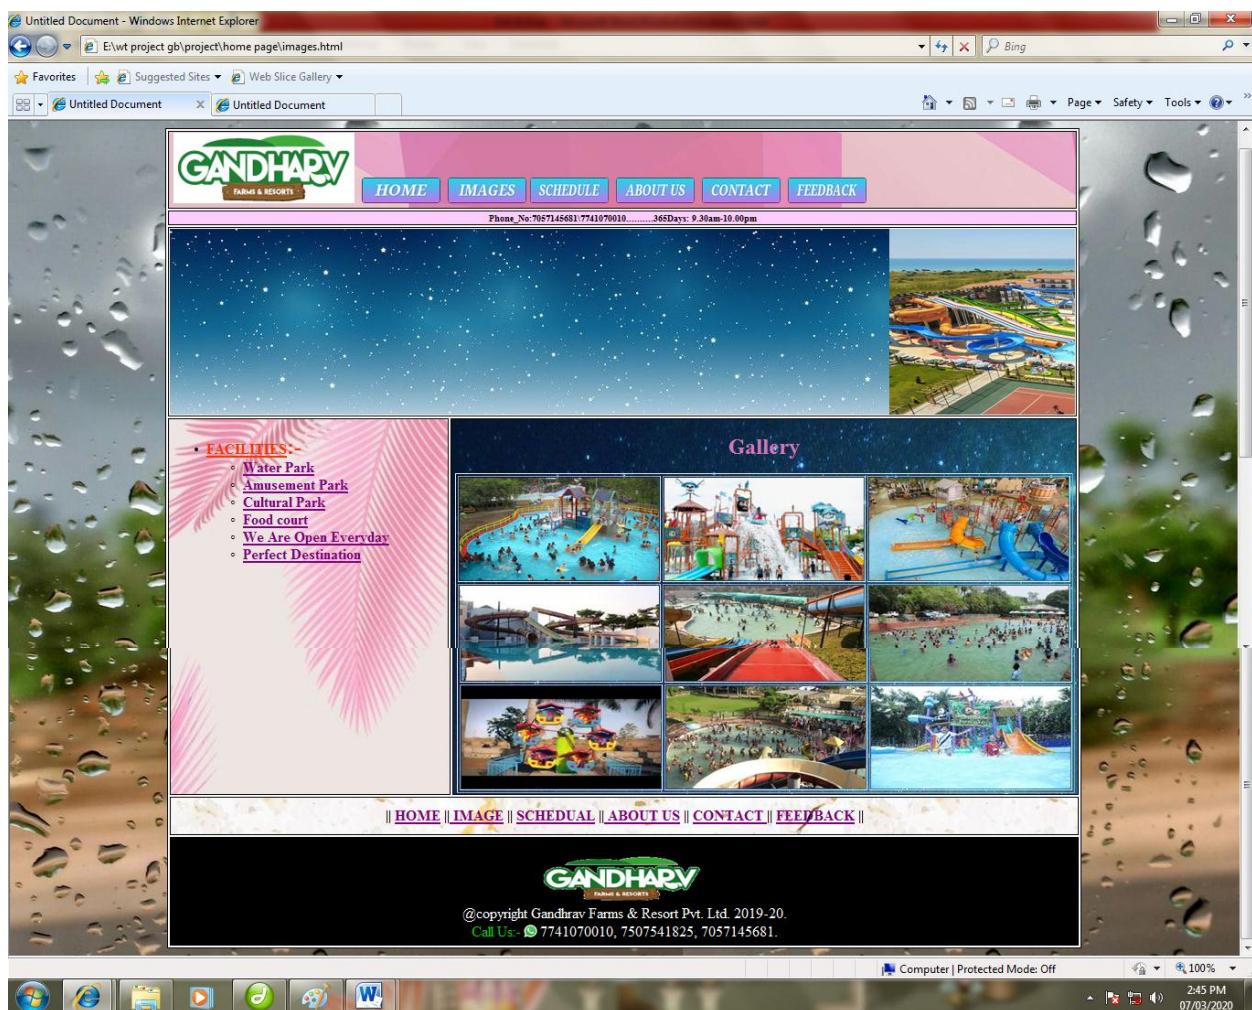

5. TIME TABLE:-

6.PERFECT DESTINATION:-

- IMAGE PAGE:-

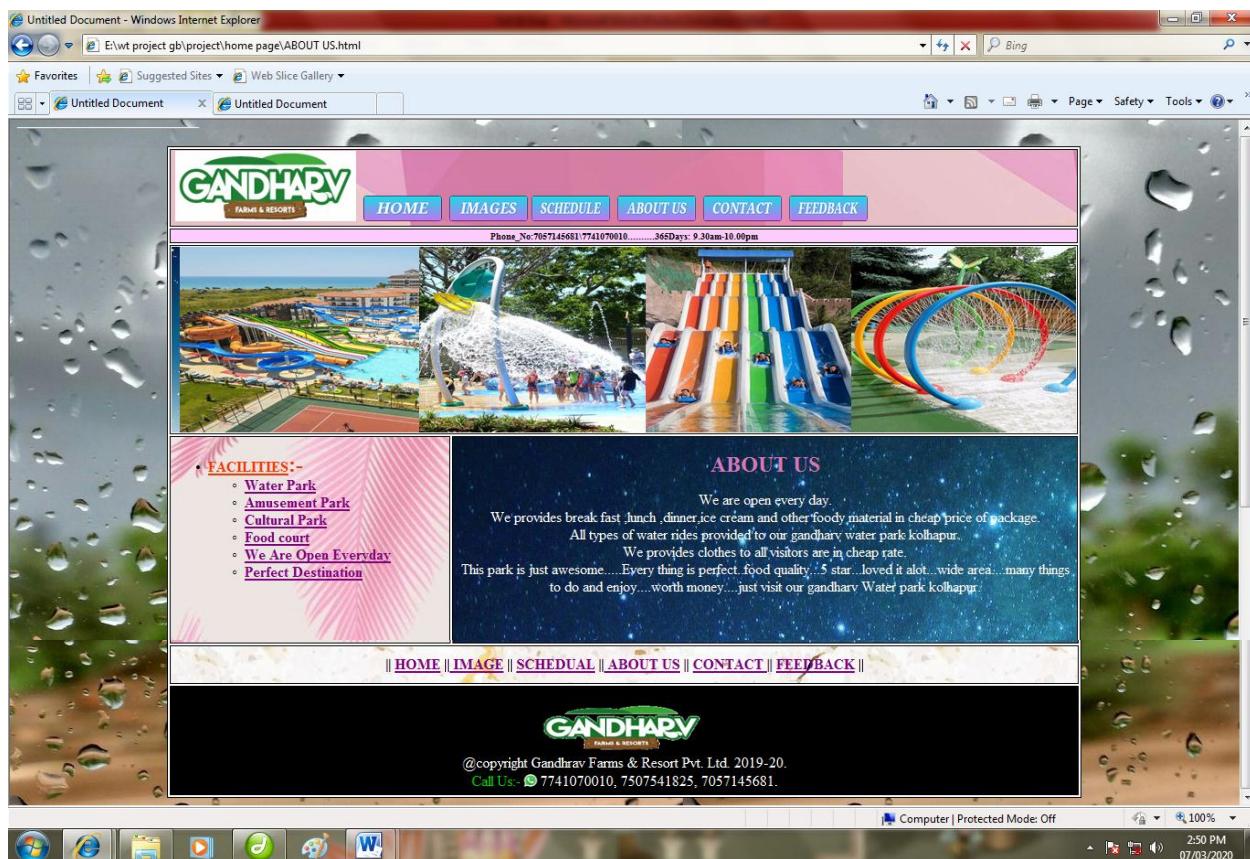

● SCHEDULE:-

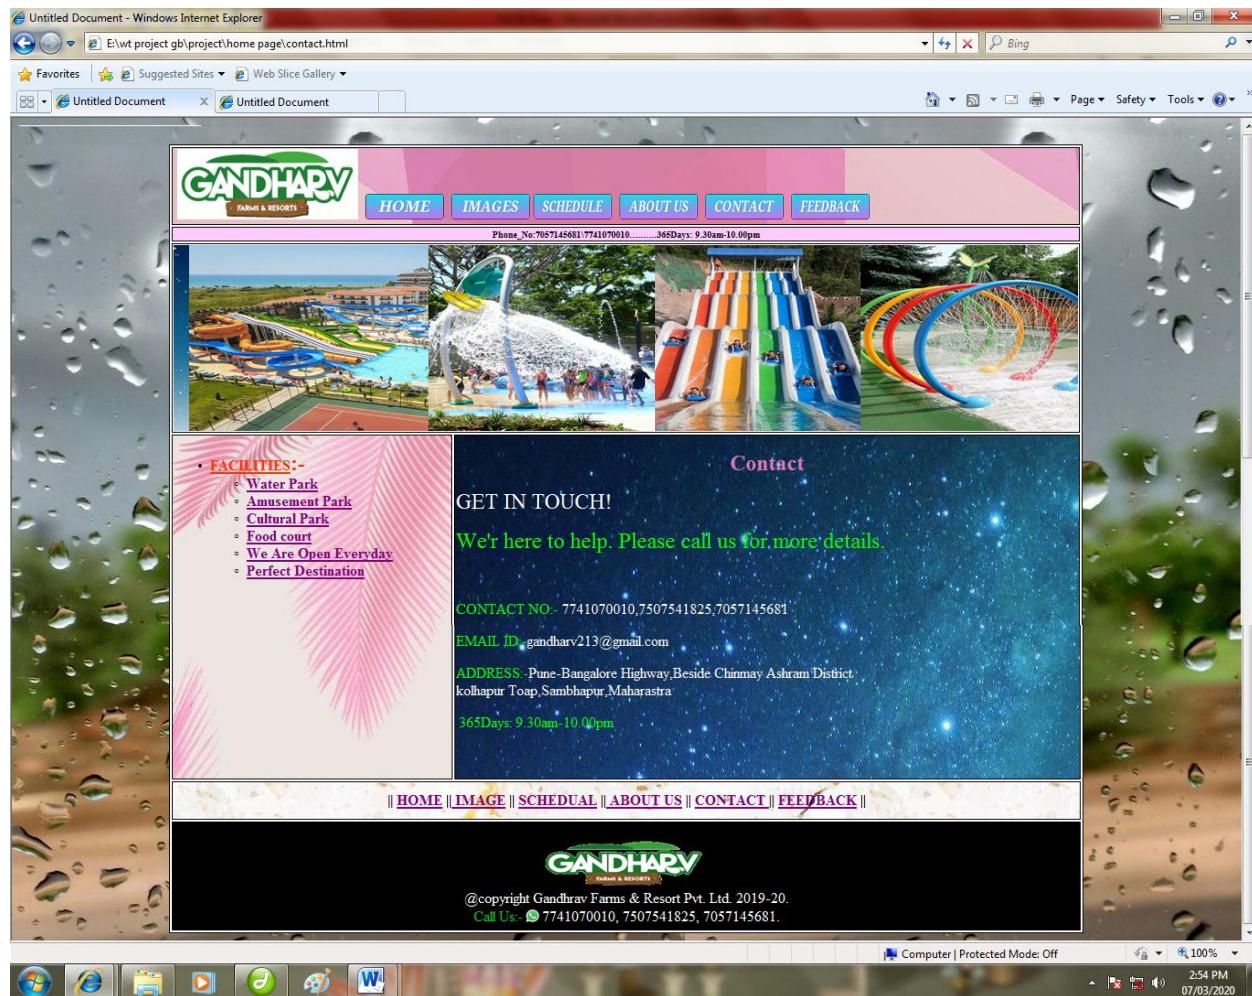

The screenshot shows a web browser window with the title "Untitled Document - Windows Internet Explorer". The address bar displays "E:\wt project\gb\project\home page\schedule.html". The page content is for "GANDHARV FARMS & RESORTS". The navigation menu includes HOME, IMAGES, SCHEDULE, ABOUT US, CONTACT, and FEEDBACK. A phone number "7657145681/7741070010" and operating hours "365Days 9.30am-10.00pm" are listed. The main content area features four images of the water park: a wide view of slides, a yellow slide with people, a long multi-colored slide, and a circular spray area. Below this is a section titled "FACILITIES:-" with a bulleted list: Water Park, Amusement Park, Cultural Park, Food court, We Are Open everyday, and Perfect Destination. To the right is a "Schedule" section with three columns: MORNING PACKAGE, AFTERNOON PACKAGE, and EVENING PACKAGE. Each package includes details like meal times, activity descriptions, and prices.

Schedule		
MORNING PACKAGE Adult Rs.510 Kids Rs.380 09.00a.m. to 03.00p.m. Details Break Fast: 10.00 a.m. to 12.30 p.m. Water Park: 11.00 a.m. to 2.00 p.m. Lunch & Ice Cream: 1.30 a.m. to 3.00 p.m.	AFTERNOON PACKAGE Adult Rs.630 Kids Rs.430 01.00a.m. to 07.00p.m. Details Lunch & Ice Cream: 1.30 a.m. to 3.00 p.m. Water Park: 03.00 a.m. to 06.00 p.m. Snacks: 04.30 a.m. to 07.30 p.m.	EVENING PACKAGE Adult Rs.630 Kids Rs.430 03.00a.m. to 10.00p.m. Details Water Park: 03.00 a.m. to 06.00 p.m. Snacks: 04.30 a.m. to 07.30 p.m. Cultural Program: 05.30 a.m. to 09.00 p.m. Dinner & Ice Cream: 07.30 a.m. to 10.00 p.m.

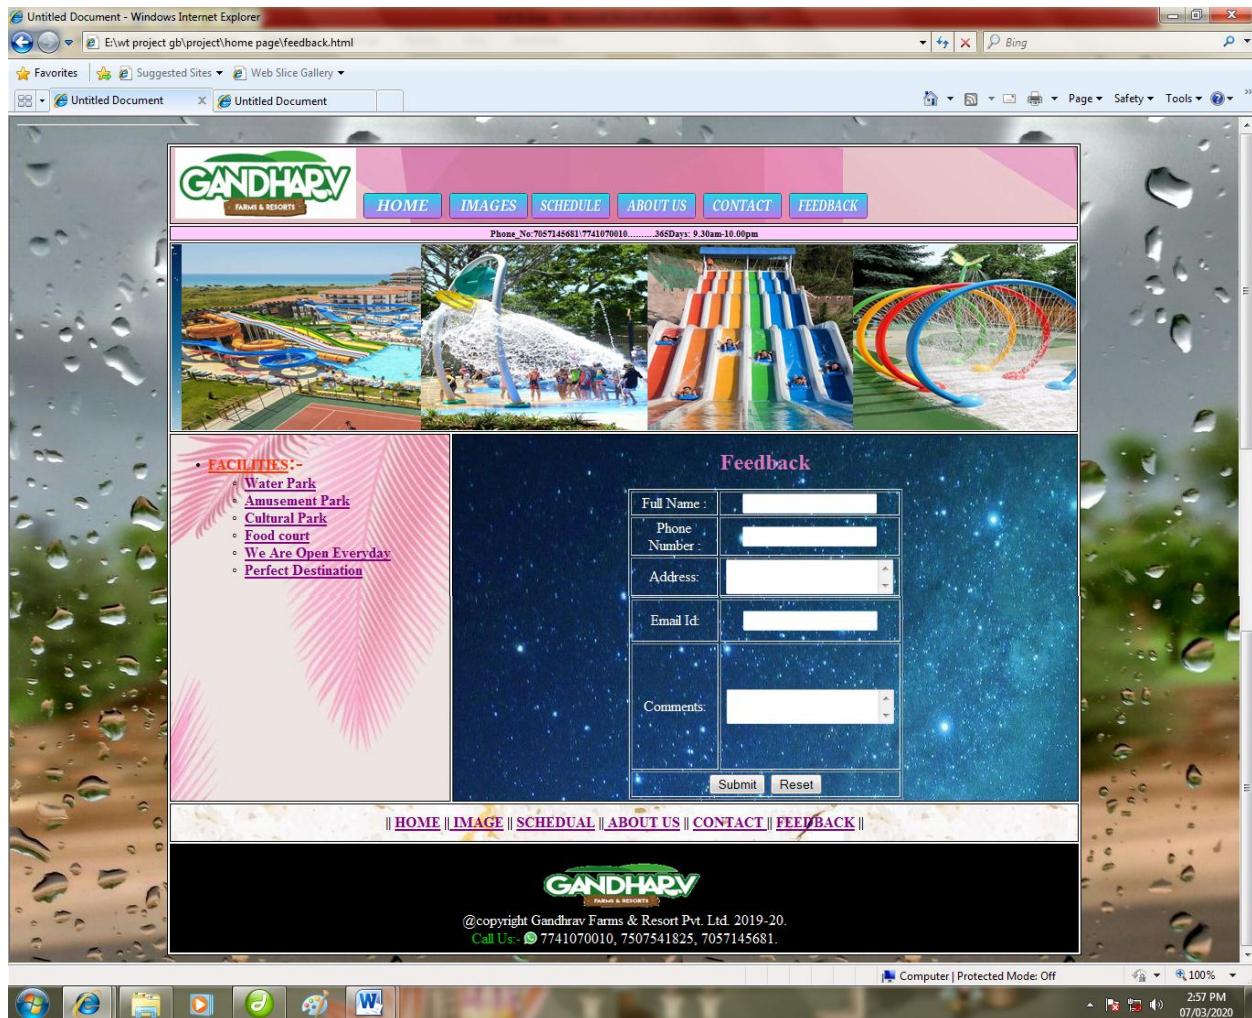

- ABOUT US:-

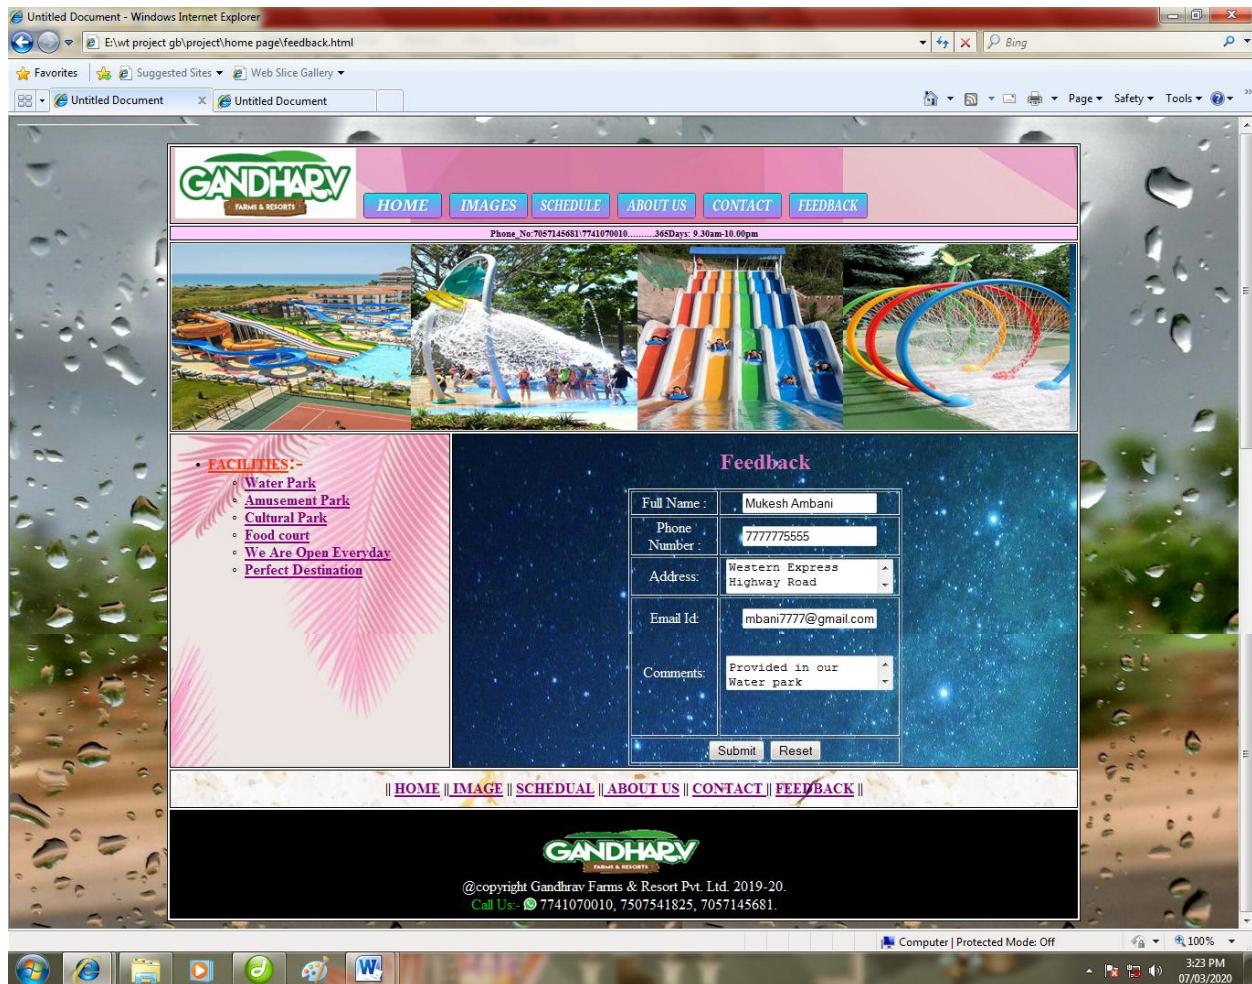

- CONTACT:-

● FEEDBACK:-

AFTER FEEDBACK FILLED:-

➤ **LIMITATIONS:-**

- 1) The Application is best seen on 1024 by 768 pixels screen resolution.
- 2) We not allowed online Ticket booking.
- 3) We can use website for only advertisement purpose.

FUTURE MODIFICATIONS:-

- The Application has few areas where the improvement can be done.
 - The Application is developed by considering present need
- 1) To Design web Application for Water Park Management system.
- 2) To provide facility for online Ticket.

CONCLUSION:-

Keeping these in mind this system has been developed in a way, it should accommodate future enhancement , similarly various features have included in this system by giving due consideration of the organization. As this system is developed using modular approach it facilities easy maintenance.

We are sincerely hope that this Software System will reduce the burden of management, that it will also save a lot of their valuable time and money this exercise develops ours skills and also increase our confidence level.
